

2

Clay Studio Collection

WARM-UP

Four makers collected finished bowls at different times, each with a distinct glaze.

Use O for a confirmed match and X for an impossible match. Every value is used once.

CLUES

- 1

Mira was paired with the 4:00 PM pickup.
- 2

The 4:00 PM pickup was paired with the Amber Speckle glaze.
- 3

Mira was not paired with the 3:00 PM pickup.
- 4

The Cloud White glaze came earlier in the sequence than the Amber Speckle glaze.
- 5

Owen was paired with the River Blue glaze.
- 6

Felix came immediately before the Cloud White glaze.
- 7

Owen and the 3:20 PM pickup occupied consecutive positions.
- 8

Felix was not paired with the 3:40 PM pickup.
- 9

The 3:00 PM pickup came immediately before Felix.

SOLVING GRID

O = match X = not a match

| MAKER | PICKUP TIME |         |         |         | GLAZE         |             |            |            |
|-------|-------------|---------|---------|---------|---------------|-------------|------------|------------|
|       | 3:00 PM     | 3:20 PM | 3:40 PM | 4:00 PM | Amber Speckle | Cloud White | Moss Green | River Blue |
| Etta  |             |         |         |         |               |             |            |            |
| Felix |             |         |         |         |               |             |            |            |
| Mira  |             |         |         |         |               |             |            |            |
| Owen  |             |         |         |         |               |             |            |            |
